

Application overview

Please find below the applications that are still being processed in order of receipt under the respective themes, including the amounts applied for. The list below does not indicate whether an application is or will be approved or rejected and does not include applications that are no longer being processed. Please note that no rights can be derived from this overview. Below please find a general overview of received applications per theme.

Please note: As stated in par. 2.5 of the Grant Policy Framework following the approval of one or more applications for a particular theme, funds amounting to less than €1,000 000 (the minimum amount that can be applied for) may be left over. As the minimum grant amount is €1,000 000 and projects cannot be partially financed, no additional projects can be approved for that theme and the available budget will be set to zero ("0").
