Introduction

This application form is to be used as a guide for drawing up an application for the Fund Combating Sexual Exploitation of Children. In the event of differences in interpretation between this application form and the grant policy framework, the latter will prevail.

The application form is based on the administrative rules published in the Government Gazette on 15 July 2022 (the grant policy framework).¹ The two texts form a coherent whole: the application form is a practical interpretation of the administrative rules. Applicants must use this application form when applying for a grant.

One form should be completed for each application and submitted with the annexes specified in the form. When completing the application form, it is not sufficient to refer the reader elsewhere for the sake of brevity, unless the form states that this is acceptable. Incomplete applications may get a lower score or be rejected.

More information

Requests for more information concerning this document or the Fund Combating Sexual Exploitation of Children will only be accepted if they are sent by email to DSO-GA@minbuza.nl no later than 9 September 2022. Answers to questions will be published weekly on the Q&A section on [Beleidskader fonds bestrijding seksuele uitbuiting kinderen | Publicatie | Rijksoverheid.nl](#). Questions will be anonymised and, if necessary, aggregated. Please check first whether your question has already been answered in the Q&A section, the grant policy framework or the application form.

Submitting applications

Applications must be received no later than 23:59 CEST on 16 September 2022. Applications submitted after this time and date will be rejected.

Application requirements

The administrative rules (i.e. the grant policy framework) list the requirements that applications must meet (please refer to chapter 7.2 and chapter 8 in grant policy framework).

Practical instructions concerning the application

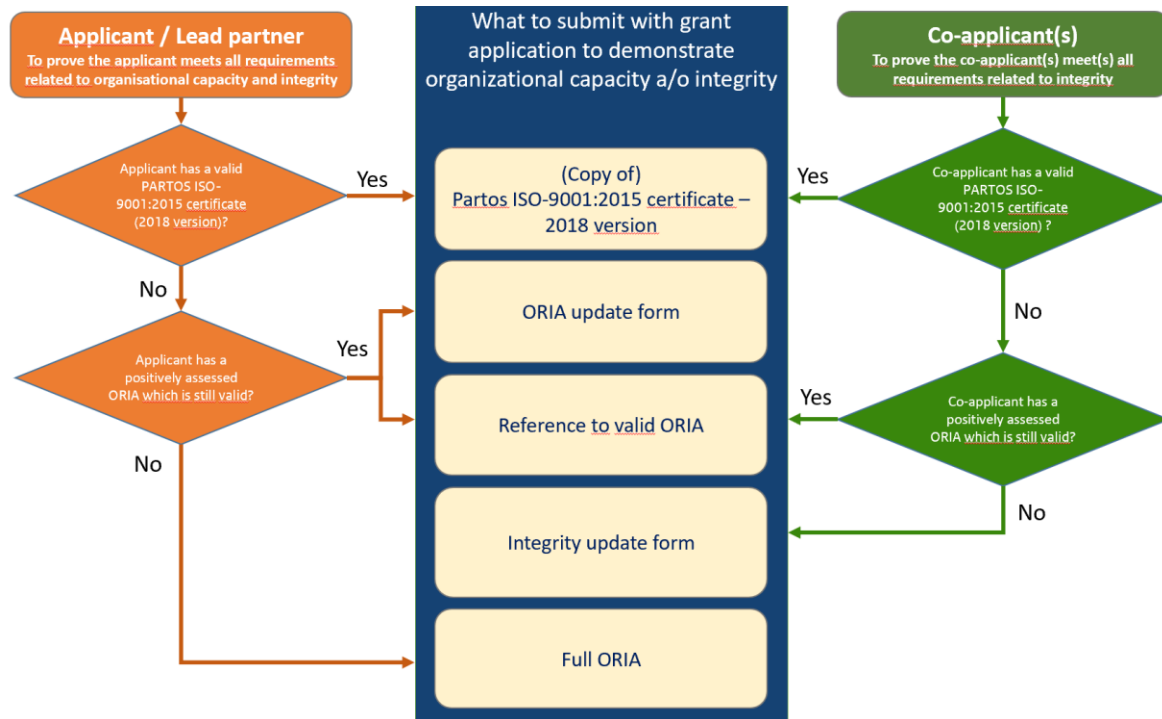

- When completing the application form, responses should be based as much as possible on SMART (Specific, Measurable, Achievable, Relevant, and Time-Bound) principles.
- Your application must be accompanied by a number of annexes, specified in the relevant sections and in the overview at the end of this form.
- Only where indicated, you may refer to other documents in your responses. These documents must be included as annexes to the application. Please specify the page number and paragraph of the text that you are referring to, and number all annexes.
- All amounts should be stated in euros. Use the corporate rates (in annex 5 to the grant policy framework) for conversion to euros.
- The figures provided must be supported with audited annual accounts.

¹ Government Gazette 2022, no. 18683.

- For detailed information on the organisational capacity of the applicant/lead party and the integrity policy of the applicant/lead party and co-applicants, please refer to next paragraph.
- The lead party bears sole responsibility for ensuring that the application is complete and submitted in time. This means it should contain all essential information and answers to the questions in the form. When referring to information in an annex, state the annex number and the relevant passage/page.

Organisational capacity and integrity policy

Please take note of the information given under Threshold criteria 7a and 7b of the grant policy framework, with regard to the organisational capacity of the lead party and the integrity policy of the lead party and co-applicants. In enabling lead parties to demonstrate that the lead party and its co-applicants satisfy the requirements for organisational capacity and integrity, the lead party must submit the documentation presented in the figure below, as an annex to the application form (see also Threshold criteria D7a and D7b in the application form below).

Threshold criteria

To qualify for a grant, an application must satisfy all the threshold criteria below. Applications that do not satisfy all of the criteria will not be considered further. These criteria are explained below and it is indicated which information you need to provide for each criterion.

Please indicate for each threshold criterion, under “Explanation by applicant”, whether the application complies with this criterion, what this is based on, and where precisely evidence of this compliance can be found, in the documents provided by the lead party.

Criterion	Explanatory note
<p>D.1a <i>The application has been submitted on behalf of a consortium by a lead party which is a CSO established either in the Netherlands or in a low-income, lower-middle-income or upper-middle-income country (see list of countries in annex 4 to these administrative rules).</i></p>	<p>This must be clear from the lead party’s statutes and from a partnership agreement signed by the lead party and all co-applicants which has been concluded with a view to implementing the activities for which a grant is requested under the Fund Combating Sexual Exploitation of Children. Please specify the annex, passage and/or page number you are referring to.</p> <p>Definitions:</p> <ul style="list-style-type: none"> • Civil society organization: a non-profit organization, neither established by a government body nor linked to a government body either de facto or under its constitution, which is a legal person under civil law and serves a public interest. • CSO established in the Netherlands: an organization founded in the Netherlands under Dutch law and having had its registered office in the Netherlands for at least three years as of 1 January 2022. • CSO established in a low-income, lower-middle-income or upper-middle-income country: an organization that has its registered office in one of the countries listed in annex 4 and is established there under that country’s prevailing laws.

<p>D.5 <i>In the 1 January 2019 – 31 December 2021 period at least 25% of the lead party’s total annual income must have come from sources other than direct grants and/or contributions from the Ministry of Foreign Affairs.</i></p>	<p>In the 2019-2021 period annually at least 25% of the consortium’s total annual income came from sources other than grants and/or contributions derived directly from the Ministry of Foreign Affairs (including missions). This criterion applies to the consortium as a whole. Consequently, if the lead party or one of co-applicants derived annually less than 25% of its total annual income from sources other than grants or contributions derived directly from the Ministry of Foreign Affairs, this may be offset by (an)other party (parties) in the consortium. This must be demonstrated by the last three annual accounts (2019-2021) of all consortium partners or reference to the relevant pages in the annual reports if the annual accounts are included in these reports.</p> <p>Please specify the annex, passage and/or page number you are referring to.</p>

<p>D.6 <i>A. The maximum remuneration of individual management and board members of a lead party or co-applicant established in the Netherlands must not exceed EUR 199.000 per calendar year for a 36-hour working week, as from the start of the period for which the grant is being requested.</i></p> <p><i>This amount includes:</i></p> <ol style="list-style-type: none"> 1. <i>the total of periodically paid salary, profit shares and bonuses;</i> 2. <i>taxable fixed and variable expense allowances;</i> 	<p>The maximum remuneration is linked to the remuneration of the Director-General for International Cooperation (DGIS) at the Ministry of Foreign Affairs. DGIS falls under the collective labor agreement for Dutch civil servants, under which a 36-hour working week constitutes full-time employment. If a management or board member is employed for less than 36 hours per week, the maximum remuneration of EUR 199,000 is reduced in proportion to the part-time factor (their weekly number of working hours divided by 36, multiplied by EUR 199,000). If a management or board member is employed for more than 36 hours per week, the maximum remuneration remains EUR 199,000. If the part-time factor is included in the grant application, this</p>

3. *payments made at set times of year, such as holiday pay, 13th month's bonus, the employer's share of pension contributions, etc.*

B. This criterion also applies to applicants with legal personality established in other EU member-states. For applicants established in EU member-states that do not use the euro, this amount is converted into local currency using the Ministry of Foreign Affairs corporate rates (annex 5) as at 1 July 2022.

C. With reference to the data on purchasing power published by EUROSTAT (comparative price levels 2022)², the following remuneration ceilings apply to applicants established in any of the following countries:

Norway	NOK	2.018.915
Switzerland	CHF	206.065
Japan	YEN	27.111.760
US/Canada	USD	210.522
United Kingdom	GBP	169.086

D. From the start of the grant period, the maximum remuneration of individual managers and board members of a lead party or co-applicants established in any other countries must be in reasonable proportion to the seniority of their position and to the organization's geographical location, size and complexity.

will be used to calculate the prorated maximum remuneration. If no part-time factor is provided, it will be assumed that the remuneration is paid for a 36-hour working week.

Please specify the annex, passage and/or page number you are referring to.

Re A+B+C+D

The lead party must specify the remunerations (including allowances), as well as the size of appointment (in hours per week; see also below under Explanation of criterion) of managers (including the CEO) and board members of its own organization and of all co-applicants, of the start of the grant period – following the format below:

For co-applicants (other than the lead party) established in EU member states that do not use the euro, and for lead parties and other consortium partners from countries outside the EU, other than the countries under C, the euro is converted into local currency using the Ministry of Foreign Affairs corporate rates (annex 5) as at 1 July 2022.

Re A

For Dutch lead parties and co-applicants that fall within the scope of the Top Incomes (Standardization) Act (WNT), the lead party may include a reference to the annual WNT notification instead of providing the specifications presented above, unless this data is no longer valid as of 1 January 2022 due to a change in remuneration. (The WNT data must be published on the internet for a period of at least seven years and must be easily accessible and available to the general public.)

Ad D

In addition to specifying the remuneration of the individual management and board members of the lead party and all co-applicants based outside the EU, Norway, Switzerland, Japan, USA/Canada and/or the United Kingdom, the lead party must provide, for these consortium partners, an explanation why the remunerations are in reasonable proportion to the seniority of the positions, and the geographical location, size and complexity of the organization(s) in question. You could for instance think of:

- a) Tasks and responsibilities of the official;
- b) Number of employees of the organization (organizational unit);
- c) Annual total organizational income in 2019, 2020, 2021;
- d) Explanation of complexity and strategic positioning of the organization (e.g. role in

Criterion	Explanatory note
<p>D.7a <i>The lead party must be capable of adequate financial management and can guarantee, through its experience and expertise with regards to activities such as for which a grant is requested, effective and efficient implementation of activities.</i></p>	<p>The lead party should demonstrate this by submitting one of the following:</p> <ul style="list-style-type: none"> ○ Valid PARTOS 9001 – 2015, version 2018 certificate; or ○ If the organization has a positively assessed Organizational Risk and Integrity Assessment (ORIA): a completed ORIA update form (Annex 6 to the policy rules), referring to the activity number of the grant obtained or, if the application was ultimately rejected on grounds other than lack of organizational capacity, the grant framework to which the application was submitted; or ○ In all other cases: a fully completed ORIA (Annex 7 to the policy rules). <p>Please specify the annex, passage and/or page number you are referring to.</p>

Explanation by applicant

Criterion	Explanatory note
D.7b <i>The lead party demonstrates that the lead party and all co-applicants have an integrity policy in place. The lead party demonstrates that the lead party and all co-applicants have procedures in place to apply this integrity policy. This integrity policy and these procedures should serve to prevent, as much as possible, any transgressive behavior, including sexual misconduct, towards employees and third parties during the implementation of the proposed activities for which the grant is requested by the lead party and the co-applicants as well as other parties involved in the implementation. This integrity policy and these procedures should also serve to, in the event of such incidents, ensure that these are investigated, and appropriate measures are taken to put an end as promptly as possible to the misbehavior and to mitigate its consequences. These procedures are structured in a way that guarantees prompt reporting of any such incidents to the Minister.</i>	<p>The lead party should demonstrate this by submitting one of the following for the lead party and all co-applicants:</p> <ul style="list-style-type: none"> ○ Valid PARTOS 9001 – 2015, version 2018 certificate; or ○ For the lead party and co-applicants with a positively assessed ORIA: a reference to the activity number of the grant obtained or, if the application was ultimately rejected on grounds other than lack of organizational capacity, the grant framework to which the application was submitted; or ○ For the lead party and co-applicants without an ORIA: a completed ORIA Integrity Update form (Annex 8 to the policy rules), to be submitted in English. <p>Please specify the annex, passage and/or page number you are referring to.</p>

Explanation by applicant

Criterion	Explanatory note
D.8 <i>The application is aimed at combating and/or preventing the sexual exploitation of children and young people up to the age of 18, as defined in the Luxembourg Guidelines³.</i>	<p>This is demonstrated in the program proposal.</p> <p>Please specify the annex, passage and/or page number you are referring to.</p>

Explanation by applicant

Criterion	Explanatory note
D.9 <i>The activities for which grant funding is requested will be implemented in at least three countries.</i>	<p>This is demonstrated in the program proposal.</p> <p>Please specify the annex, passage and/or page number you are referring to.</p>

Explanation by applicant

³ A child is a victim of sexual exploitation when he or she participates in a sexual activity in exchange for something (for example, profit or advantage or the promise of it) that belongs to a third party or to the child himself or herself.

Criterion	Explanatory note
D.10 <i>The activities for which grant funding is requested have a duration of three years, starting per 1 January 2023 and ending on 31 December 2025.</i>	This is demonstrated in the program proposal. Please specify the annex, passage and/or page number you are referring to.
Explanation by applicant	

Criterion	Explanatory note
D.11 <i>The grant amount requested is maximum EUR 15.000.000 for the total duration of the program.</i>	This is demonstrated in the budget appended to the application. Please specify the annex, passage and/or page number you are referring to.
Explanation by applicant	

Criterion	Explanatory note
D.12 <i>In the application a link is made with at least one of the four SRHR-result areas, at least three of the indicators in the SRHR-result framework, and with SDG3 and/or SDG5 (see chapter 4 of this grant policy framework).</i>	This is demonstrated in the program proposal. Please specify the annex, passage and/or page number you are referring to.
Explanation by applicant	

Criterion	Explanatory note
D.13 <i>The application does not regard activities:</i> <ul style="list-style-type: none"> - <i>which already receive grant funding or a contribution directly or indirectly from the Ministry of Foreign Affairs budget;</i> - <i>that have already started at the time of submission of the application; or</i> - <i>by organizations already receiving core funding from the Ministry of Foreign Affairs budget for period that is still ongoing; or</i> - <i>for-profit; or</i> - <i>by local civil society organizations which already receive a contribution indirectly from the Ministry of Foreign Affairs budget.</i> 	This is demonstrated in the program proposal and the budget appended to the application. Please specify the annex, passage and/or page number you are referring to.

Explanation by applicant	

Qualitative criteria

The criteria below are used to assess the quality of applications for a grant under the Fund Combating Sexual Exploitation of Children. These criteria relate to the Program Proposal (max. 550 points), the Vision on Working with Local Organizations (max. 175 points), and the Track Record (max. 275) that must accompany each application. The maximum attainable score is 1000 points⁴ for applications.

In order to be eligible for a grant, a consortium must attain an overall satisfactory score (at least 650 points⁵), as well as for each of the three parts: the Program Proposal (355 points or more)⁶, The Vision on Working with Local organizations (120 points or more), and the Track Record (175 points or more)⁷. If one or more of the parts, or the overall score, turns out to be of insufficient quality, the application will be discarded and rejected.

Please indicate for each qualitative criterion, under “Explanation by applicant”, why and/or how the application complies with this criterion, what this is based on, and where precisely evidence of this compliance can be found, in the documents provided by the applicant.

<p>Q.2 <i>The extent to which there is a logical and substantiated link between the intended interventions, the assumptions and results, and how these contribute to the strategic objective.</i></p>	<p>Please specify passage and/or page number where the information can be found.</p>
Explanation by the applicant:	

⁴ If an application includes a service delivery component, 50 additional points can be obtained in total. A calculation method will be used to compensate for the difference in the maximum number of points that can be obtained between applications with and without a service delivery component.

⁵ If an application includes a service delivery component, 50 additional points can be obtained in total. A calculation method will be used to compensate for the difference in the maximum number of points that can be obtained between applications with and without a service delivery component.

⁶ If the application makes partial use of service delivery, an additional 30 points can be awarded under program proposal. To compensate for the difference in the maximum number of points to be awarded between applications without and with a partial commitment to service delivery, an adjustment factor will be used.

⁷ If the application makes partial use of service delivery, an additional 20 points can be scored under the Track Record section. To compensate for the difference in the maximum number of points to be awarded between applications without and with partial commitment to service delivery, an adjustment factor will be used.
