

## Plan to reopen society step by step

If the number of COVID-19 patients being admitted to hospital falls and we continue to follow the basic rules, we can gradually start lifting the coronavirus measures.

Below is a general outline of the steps and the earliest dates on which they can be taken. These dates depend on the number of COVID-19 patients in hospital. In addition, certain conditions for reopening apply to each sector, such as a maximum number of visitors.

alleen samen krijgen we  
corona onder controle
